## JUDGE ENGLISH INQUIRY SHIFTED TO CENTRALIA

Special House Committee,  
After Meeting Here,  
Votes to Resume Hearing in  
Illinois City Tomorrow  
WILL EXAMINE  
BOOKS OF BANK

Officers of Depository in  
Which Jurist Held Stock  
to Be Questioned About  
His Transactions.

Six members of the special  
investigating committee of the  
House of Representatives, inquir-  
ing into the official conduct of  
Federal Judge George W. English  
of the Eastern District of Illinois,  
met in the St. Louis Federal build-  
ing today and adjourned to meet  
tomorrow in Centralia, Ill.

The committee's purpose in re-  
suming at this time, the hearing  
which it conducted in St. Louis in  
March, is to inquire into the trans-  
actions of Judge English with the  
Merchants' State Bank of Centralia,  
of which he was a stockholder and  
director.

The committee, in undertaking  
this phase of the inquiry, acted on  
information obtained recently by  
the Post-Dispatch.

The Merchants' State Bank of  
Centralia, which was one of five banks  
named by Judge English as deposi-  
taries for funds deposited by his  
Referee in Bankruptcy, Charles B.  
Thomas.

In the previous hearing, March  
11, Judge English was questioned  
as to his transactions with the  
bank, and he said that he received  
no salary or other compensation  
from the bank, except the regular  
payment of \$5 for each meeting of  
the directors. This, he said, was  
paid to him as to all other direc-

After the adjournment of the  
hearing at which Judge English  
made this statement, a Post-Dis-  
patch reporter asked Dr. W. D.  
Richardson, president of the Cen-  
tralia bank, as to the matter of  
any financial transactions be-  
tween the bank and Judge En-  
glish.

Dr. Richardson referred the in-  
quiry to A. C. Veatch, vice presi-  
dent of the bank, who said that  
Judge English had not been a sal-  
aried officer of the bank, but had  
been favored with loans. He would  
discuss the character of these  
loans nor the kind of security held  
by the bank, explaining that he  
was a friend of Judge English  
and that since the Judge was un-  
able to discuss his private bank-  
ing transactions, the books, Ve-  
ach said, would be available for  
the committee should the commit-  
tee wish further information con-  
cerning what had been done in the  
Merchants' State Bank.

This information was trans-  
mitted to Congressman W. D. Boies  
of Iowa, chairman of the special  
investigating committee, and he  
decided to call another session of  
the inquiry, to obtain Veatch's ver-  
sion of the transactions with Judge  
English.

Other members of the commit-  
tee are Representatives Charles A.  
Christopher, South Dakota; Ira  
O. Hervey, Maine; Earl C. Michen-  
er, Michigan; Hutton W. Summers,  
Texas; John N. Tillman, Arkansas;  
and Royal H. Weller of New York.

All the members but Represen-  
tative Weller were here today.  
Judge English was present with  
his attorneys, W. M. Acton of Dan-  
ville, P. T. O'Hare of Paris and E.  
C. Kramer of East St. Louis. The  
officers of the Merchants' State  
Bank also were present.

The committee was scheduled to  
hold its hearing in the Federal Dis-  
trict courtroom, but Judge Farris  
was holding court there, and the  
committee was delayed in conven-  
ing. While the courtroom was still  
in use, and decided to shift its base  
of operations to Centralia.

Evidence at Earlier Hearing.  
At the hearing here in March,  
testimony was offered to the ef-  
fect that Judge English had dis-  
barred from practice by his court  
reputable attorneys without war-  
rant of law; had been otherwise  
unlawful; had taken money and  
favors from Referee Thomas, when  
he in turn favored with lucra-  
tive receiverships; that bank-  
ruptcy funds had been placed in  
banks that favored a son of Judge  
English, and that the jail sentence  
of a convicted bootlegger had been  
suspended after Referee Thomas  
had been employed to appear in  
his case.

\$100,000 in Bankruptcy Funds.  
The bankruptcy funds kept in  
the Centralia bank by Referee  
Thomas amounted usually to a

## HARVESTERS SEIZE FREIGHT TRAIN

Conductor, However, Drops  
Note and Colorado Posse Dis-  
perses Band, Arresting 16.

By the Associated Press.  
LAMAR, Colo., July 9.—Sixteen  
harvest field workers out of 40  
or more who seized a Santa Fe  
freight train near Syracuse, Kan.,  
overpowered the crew and ran it  
to Lamar, where met and routed by  
an armed posse.

The harvest workers attacked  
the train yesterday east of Syra-  
cuse, brandishing guns and clubs  
as they boarded it. The conductor  
however, dropped a note as the  
train rolled slowly through town,  
with the result that word was sent  
here and a posse was formed by  
the Sheriff.

The harvesters showed fight on  
sighting the posse, but broke and  
fled when scores of shots were  
fired over their heads. Sixteen  
of the fleeing men were caught  
in the round up. There were no  
casualties.

**SMOTHERED IN REFRIGERATOR**  
Boy, 5, Crawled Into It and Door  
Closed, Imprisoning Him.

By the Associated Press.  
CORPUS CHRISTI, Tex., July 9.—  
Smothered to death in a discarded  
refrigerator, Harry Lee Beane Jr.,  
5 years old, was found yesterday  
by his little sister, after several  
hours' search. The boy is be-  
lieved to have crawled into the re-  
frigerator to hide. The door swung  
shut and imprisoned him. Mrs.  
Beane was away from home.

**Constabulary Instructors.**  
By the Associated Press.  
MANAGUA, July 9.—A party of  
Americans has arrived in Nicara-  
gua to act as instructors in the  
new native constabulary.

American marines will be with-  
drawn from Nicaragua early in  
August. In May the Nicaraguan  
Congress provided for the creation  
of a constabulary. It has been an-  
nounced that the marines would  
be brought home when the force  
became proficient.

## FEDERAL TRADE BODY NEAR STANDSTILL

Commissioners in Dispute Over  
Proceeding With Inquiries  
Ordered by Congress.

Post-Dispatch Bureau.  
20-21 Wyatt Building.

WASHINGTON, July 9.—President Coolidge does not take kindly to the program of the majority members of the Federal Trade Commission to pass to him the controversy over investigations ordered by Congress.

Commissioners Humphrey, Van Fleet and Hunt, who control the commission, called upon the President two months ago for an expression of opinion as to whether the commission should go ahead with the inquiries ordered by resolutions adopted by the House or the Senate. The President has made no answer.

At one of his conferences with newspaper men before he left here he let it be known he was tired of having men in authority put their troubles up to him. The outcome is that the commission is in confusion and has ceased to function. One of the resolutions in question was by Senator Norris of Nebraska and directed the commission to inquire into the so-called Electrical Trust. An amendment to the appropriation bill that provides money for the Federal Trade Commission declared that the body should not make any investigation unless ordered by a joint resolution of Congress. This did not include anti-trust cases. But the question is what is an anti-trust case.

The dispute in the commission has reached a point where Comptroller-General McCarl will have to decide whether it can continue to function.

## MAN AND STENOGRAPHER HELD Furniture Dealer Wanted for Embezzlement in Cleveland.

NEW YORK, July 9.—Frank J. Glist, president of the Cleveland Reed Furniture Co., and Miss Hazel Hansen, his stenographer, who expected to marry him, are being detained here by police, after a flight from Cleveland.

Glist is held as a fugitive from justice on complaint of the Lake shore branch of the Cleveland Trust Co., that he embezzled \$100. Miss Hansen became hysterical when police told her that Glist was already married. The two were occupying adjoining rooms in the hotel near Broadway, where Glist was arrested. Miss Hansen, who is 22 years old, was detained for investigation. She said that she believed that Glist was single. Glist admitted, police said, that he had a wife in Cleveland, from whom he had been separated.

## EARTH TREMORS IN ARKANSAS Windows Shaken But No Damage Is Caused.

HARRISON, Ark., July 9.—Earth tremors were distinctly felt here yesterday morning. While not severe enough to cause damage, windows were shaken, buildings trembled and in one instance dishes were hurled from a shelf. A noise resembling thunder accompanied the disturbance. Similar phenomena were reported from Capps, Batavia and Alpena, other communities in Boone county.

## LAWYERS AGREE IN OLD CASE 24-Year-Old Poplar Bluff Lawsuit Ends in Compromise.

POPULAR BLUFF, Mo., July 9.—One of the oldest lawsuits in Missouri ended yesterday when attorneys for W. N. Barron and G. W. Dalton agreed to a compromise in their litigation over a business building in this city valued at \$75,000. The case had been in the courts for 24 years, and had been tried in several counties of the State.

Cavalry Horses Lost in Fire. CHEYENNE, Wyo., July 9.—Twenty-six horses perished when a stable of the Fourth Cavalry at Fort Russell burned yesterday. Ten other horses were rescued by soldiers. The loss is estimated at \$10,000. The origin of the fire has not been determined.

## GRAIN MARKETING CO. LIKELY TO DISSOLVE

Two Concerns in Merger Get Right to Operate Under Own Name Again.

CHICAGO, July 9.—Dissolution of the Grain Marketing Co., \$25,000,000 concern and the largest farmer co-operative, venture ever attempted, apparently has become certain along with prospects for the recovery of Dean, Ostavia & Co., bankrupt brokers.

The Armour Grain Co., the largest of the four old line grain companies that merged to form the co-operative organization which was to have been controlled and owned by farmers, and Rosenbaum Brothers, another of the venter companies, applied for the right to the business under the names of the Chicago Board of Trade again. The permission was granted.

The Armour Co. will take over all of the Grain Marketing Co.'s open contracts, amounting to about \$200,000 bushels of grain. Recovery of the brokerage firm, a \$15,000,000 concern, appeared probable after New York and Chicago creditors had raised most of a \$2,500,000 rehabilitation fund to be applied to maintain \$29,000,000 in loans, and after banks holding collateral had again postponed for another day the selling of the collateral to allow creditors to complete the fund. The Rosenbaum grain interests, involved in the Grain Marketing Co., were also back of the Dean, Ostavia & Co. Officially, the four companies involved in the Grain Marketing Co. merger issued the following statement regarding the dissolution:

## LEGION FUND ADVANCING: VON HOFFMAN GIVES \$1000

Additional Teams Organized to Work in the Campaign for \$125,000.

The American Legion Endowment Fund, to be held in perpetuity and used for relief work among American war orphans, and rehabilitation work for disabled veterans, is advancing toward its goal of \$125,000, according to an announcement by former Mayor Henry W. Kiel, who is in charge of the drive to raise that amount for St. Louis' quota.

At a meeting at the American Annex Hotel yesterday, a subscription of \$1000 from Albert Von Hoffman, \$500 from Benjamin F. Smith, and numerous other donations were reported. Additional teams were organized to work in the drive, and it is hoped that the \$125,000 mark will be reached within a week.

## The Wolf

There are many varieties of Wolves in different parts of the  
world, but only a few distinct species. The Common Wolf of  
Europe and Asia; the Russian Wolf, known as the Black Wolf  
because of the long black top hairs that cover the under fur; the  
light colored Siberian Wolf; the White Churchill Wolf, which is  
the largest representative of its family; the Brown Wolf of the  
Western section of the United States; the Gray Timber Wolf of  
North America; and the other white and black wolves now  
classed as belonging to separate species, are so alike in form and  
habits that they could all be properly placed in one species;  
variations in size and color and the texture of the fur being ac-  
counted for by climatic influences, and different conditions  
under which they exist.

**CREDIT MEN'S BUREAU**  
**ANSWERS CRITICISM**

Efforts to Adjust Affairs of Steiner Top and Plywood Co. Explained.

The Adjustment Bureau of the St. Louis Association of Credit Men today made public an additional letter in the bankruptcy case in which Referee in Bankruptcy Coles recently administered a sharp rebuke to the bureau.

Referee Coles offered his criticism of the bureau's methods in a hearing June 29 last on the bankruptcy case of the Steiner Top and Plywood Co., 129 East Fillmore street. On March 30 the bureau wrote a letter to creditors of the concern declaring that the Steiner company was solvent and asking creditors to send to the bureau an itemized statement of their accounts.

**Letter to Creditors.**

The letter follows:  
"In re Steiner Top and Plywood Co., 129 East Fillmore street, St. Louis, Mo.

"The above concern has been in touch with this office for about a week, explaining this situation to us, and we in turn trying to get people to refinance them. On paper, their assets are in the neighborhood of \$100,000, their liabilities about \$44,000. This \$44,000 includes a \$15,000 deed of trust on all their properties.

"This company, if given time, say 30 to 60 days, to liquidate its properties, will bring, no doubt, 100 cents on the dollar to the creditors, if any fair value is realized. On the other hand, if bankruptcy petition is filed, there is no question that there will be a damage suit filed against the parties filing the petition, as there is no question in anyone's mind that this company can show solvency.

"We are bending every effort to see that creditors get 100 cents on a dollar, and with that in mind, we ask that you send us an itemized statement of your account. We will protect your interests in every way possible, and will give you complete reports on this matter from time to time so that you are in close touch with the situation.

**No Charge for Collections.**  
"We believe by creditors co-operating in this matter, 100 cents can be realized, and in order that that may be done we are asking you to send us an itemized statement at once, and we will make no charge whatsoever on your claim if we collect the same for you, either in full or in part.

"We are making no charge for collecting your account in this matter, for the reason that we believe this is one of the cases where this office can be of such service as to realize 100 cents on a dollar for you and give you the service which the organizers of this organization had in mind when they founded this institution.

"Please let us have an itemized statement of your account with authority to represent you by return mail. You may state in your letter, if you wish, that there will be no charge on your claim, as we will make none.

"Give this matter your immediate attention."  
**Later Action of Company.**  
Despite the bureau's claim that the company was solvent a voluntary petition in bankruptcy was filed by the company. E. H. Henske, whose initials appear on the letter claiming solvency for the company filed the petition alleging insolvency, in his capacity as attorney for the bankrupt company.

In the hearing on June 29 Judge Coles declared that the Adjustment Bureau had resorted to intimidation in obtaining the claims of creditors of the concern and cited the clause in the letter of March 30, intimating that a damage suit would follow filing of a bankruptcy action.

"This is the worst example of a method of obtaining creditors' claims that has been called to my attention during my long service in Bankruptcy Court," Referee Coles said after reading the letter.

The referee's remark followed the nomination by Henske, representing the creditors' majority, of Orville Livingston, manager of the adjustment bureau. He proposed Livingston as trustee of the bankrupt concern.

**Joseph Reardon Trustee.**  
"Mr. Livingston can not be considered under the circumstances nor anyone else from the office of the Credit Association," Referee Coles ruled. The referee named Joseph Reardon, who has offices in the Commercial Building, as trustee for the bankrupt estate.

The letter which, the bureau contends, changed the circumstances of the case, was not before Referee Coles. It repeats the bureau's request that it be allowed to handle creditors' claims, but does not repeat its statement about the inadvisability of filing bankruptcy action inasmuch as one had already been filed by the company with Henske as attorney.

**The Second Letter.**

The second letter under date of April 13, is addressed to creditors and is reproduced in the following paragraphs:

"In re Steiner Top and Plywood Co., 129 East Fillmore street, St. Louis, Mo.

"An involuntary petition in bankruptcy was filed this date against the above company, for the reason that several creditors, not wanting to give the company an

opportunity to work out, have filed suit and one of them attached some of the property, and by this method the creditors who would not wait would be preferred over the rest of them. It is deemed inadvisable to let any one creditor get more than any other creditor, with the result that the involuntary petition in bankruptcy was filed.

"We have heretofore agreed to handle your claim without charge, and we will continue to do so, through bankruptcy. We are enclosing herewith a proof of debt and power of attorney form, which we ask that you please sign in two places and return to us with an itemized statement of your account, or together with your original note if your claim is in the form of a note.

"We believe by careful handling of this matter that the creditors will get 100 cents on a dollar. Please let us have your co-operation in this matter at once by letting us have the proof of debt and power of attorney form properly signed, together with itemized statement or note.

"There will be no charge for our services in this matter. Please give this your immediate attention.

"P. S.—If you have already sent us an itemized statement or note, it will not be necessary to forward same at this time."

**Be Careful, Madam**

**Palmolive complexions do not come from other sorts of "olive oil" soaps**

**WE** have led millions of women to expect fine complexions from olive and palm oils, as used in Palmolive Soap.

They have gained added beauty and fresh, clear skins. But some credit those results to olive and palm oils alone. And any "olive and palm" soap may claim to be a soap like Palmolive.

They are mistaken. Olive and palm oils have been used for ages. Cleopatra used them—Roman beauties used them. Castile soap—the real castile—attained its fame on olive oil alone.

But olive and palm oils in those forms never brought great results. Palmolive Soap has brought new beauty to millions. It has thus become the leading toilet soap of the world.

It is made in five countries to supply the world demand. And one is France—the home of fine cosmetics.

Just because Palmolive, based on 60 years of soap study, gives to these oils a new effect on the skin.

It has multiplied beautiful complexions. Now many times as many women keep their youth and charm.

There are soaps at 25 cents and over, which approach Palmolive in results. We know of two. But Palmolive sells at 10 cents—no more than ordinary soaps. Enormous production brings you this modest cost.

Now countless "olive and palm" soaps are offered for like purpose. Some have artificial colors, some are over-fatted. They will cleanse, if you want mere cleansers. But don't expect such soaps to bring Palmolive results to the skin. That is impossible.

Note the unnatural "too green" color of Palmolive imitators. What does that suggest? Men don't paint nature to improve it.

Olive and palm oils—nothing else—give Palmolive its delicate, natural color. Olive and palm oils—no other fats whatsoever—are used in Palmolive.

No "super-fattening," no "super-anything"—the only secret to Palmolive is its blending. And that is judged one of the world's priceless beauty secrets.

Wash, launder, cleanse with any soap you wish—but when beauty is at stake, take care. Use Palmolive, a soap you know is safe to use. Palmolive is nature's formula to "Keep That Schoolgirl Complexion."

**Soap from Trees**

The only oils in Palmolive Soap are the soothing beauty oils from the olive tree, the African palm and the coconut palm—and no other fats whatsoever.

That is why Palmolive Soap is the natural color that it is—for palm and olive oils, nothing else, give Palmolive its green color!

The only secret to Palmolive is its exclusive blend—and that is one of the world's priceless beauty secrets.

Note carefully the name and wrapper. Palmolive is never sold unwrapped.

FRAUD ALLEGED IN  
COMPENSATION LISTS

Many Purported Signers in  
Kansas City Not Found—  
Some Forgeries.

Special to the Post-Dispatch.  
KANSAS CITY, July 9.—Approximately a third of the signatures in the fifth congressional district to a petition to refer the workmen's compensation act are fraudulent, it was said here last night. Petitions were circulated during the last few weeks by advocates of the referendum. Names on the petitions were investigated recently by opponents of the plan.

J. P. Swift, 48 East Fifty-fifth street, one of the investigators said last night he found 49 fraudulent signatures among 59 he checked. "The 40 include names of minors, residents of Kansas, nonexistent persons and forgeries," he said. "One of the addresses was in Union Cemetery, two or three were in school buildings and others could not be found at all."

List Probably an Extreme.  
Swift said he believed his list is an extreme case. Other investigators, he said, found only 20 to 25 names on their lists improperly signed.

T. T. Crittenden Jr., treasurer of the Phister Insurance Co., said two teams from his organization spent two days checking names of the petitions. "They found 50 to 60 per cent of the alleged signatures," he said. "Either are unknown, signed by others or not at the address given."

One of the alleged signers of the petition was Robert Combs, 3-year-old son of C. E. Combs, 6439 Wyandotte street. Combs said last night no member of his family had signed the petition.

The investigation was conducted by some 30 business men. Each was accompanied by a notary to verify the findings. Approximately 6000 names were checked. Of these, according to investigators, at least 2300 were fraudulent. Approximately half of the names are negroes and half of these are women.

Handled by Paid Circulators.  
The petitions asked for a referendum were circulated with petitions seeking an initiative for a new compensation law. Investigators said Ledbetter, Burton & Marshall, a publicity firm of St. Louis, hired Frank Holmes, Kansas City, to handle the circulation of the petitions.

Holmes last night said names on the referendum petitions were obtained in the same manner as names for the city charter. "There probably are fraudulent names," he said, "on the referendum petition. Just as there were in charter petitions. I do not believe there were many, however. There were more than 10,000 names on the referendum petition and it will be almost impossible to keep all fraudulent names out. Certainly not a third of them are fraudulent."

## BRIEFS IN SMALL CASE FILED

Constitute Most Voluminous Report Ever Submitted to Supreme Court. By the Associated Press.

SPRINGFIELD, Ill., July 9.—Presentation of the final documents in the civil suit against Gov. Len Small was made to the Supreme Court today when counsel for the Government filed a reply brief and argument.

It contained 300 pages and set up general and specific denials of the State's allegations regarding the alleged activities of Small in the Grant Park State Bank when he was State Treasurer. The Court was urged to reverse the decision of the Sangamon County Circuit Court, from whose decision appeal was taken by Small and to dismiss the bill of complaint for want of equity. The briefs filed today marked the final steps in the presentation of the case to the Supreme Court. The next important development is expected to be the Court's decision, but court attaches said there was no indication as to when that might be expected. The record in the case is the most voluminous ever presented to the Supreme Court.

## Congressmen to Visit Japan.

By the Associated Press.  
WASHINGTON, July 9.—The naval transport Chaumont, which took a Congressional party on an inspection tour of the American defenses in the Pacific, was ordered today to proceed from Manila to Japan for a visit before returning to the United States. An invitation to the party, which includes 11 members of the House, to visit Japan, was extended recently by the Japanese Minister of Marine. The transport is due to leave Manila July 12 for Hongkong and Shanghai, and then proceed to Honolulu, touching at Japan on the way.

Priest Will's Housekeeper Estate.  
The will of the late Rev. Father Jasper, pastor of the Church of the Assumption at O'Fallon, St. Charles County, who died last week, was filed in the Probate Court at St. Charles yesterday. Under the terms of the will dated June 1, 1929, Rev. Jasper leaves his entire estate to his housekeeper, Miss Ida M. Muller, in recognition of faithful services.

Hurt in Fall From Mother's Arms.  
John A. Marshall, 14 months old, slipped from the arms of his mother, Mrs. Lawrence Marshall, of 3202 Olive street, as she stood on a rear porch there yesterday and fell 18 feet to the yard. The child was taken to city hospital, where doctors said he had suffered a fractured leg and internal injuries.

WOUNDED WHEN HE  
DEFIES HOLDUP MENHenry Heim, 65, Shot in Arm  
After Refusing to Lie  
Down on the Floor.Henry Heim, 65 years old, had  
said more than once that he would  
not submit to being robbed. Last  
night he refused to comply with  
a robber's order, and was shot.  
Heim and his brother, Philip,  
were in a rear room of Philip  
Heim's confectionery at 2739 North  
Grand boulevard, at 11:15 o'clock  
last night when two young men,  
after being served sodas by Miss  
Josephine Rohe, waitress in the  
confectionery, drew revolvers and  
marched her into the rear room."Get down on the floor," the  
robbers commanded. The others  
started to obey, but Henry Heim  
tried to grab one of the armed  
men, who struck him, knocking  
him to the floor, whereupon the  
other fired two shots at him, one  
passing through the left thigh.The pair then fled without loot.  
Philip Heim obtained a revolver  
and fired four shots, and, he be-  
lieves, wounded one.Henry Heim was taken to city  
hospital. He lives at 3506 Cass  
avenue.Clothing Store Robbers Escape in  
Salesman's Automobile.Two armed men, who entered  
the pharmacy of Samuel Honing-  
berg, 5435 Easton avenue, at 10:30  
o'clock last night, locked a clerk  
and an errand boy in the cellar,  
and escaped with \$60.A salesman was displaying sam-  
ples when four men entered the  
clothing store of William Schramm,  
3148 Sheridan avenue, yesterday  
afternoon. They took \$135 from a  
cash register and a safe, and from  
the salesman, M. H. Mandel, 2725  
Dayton street, they took \$14. His  
automobile keys and three cases of  
silk hosiery samples, valued at  
\$300.The robbers drove off in Man-  
del's automobile, and he pursued  
in another car. They finally aban-  
doned his car at Garrison avenue  
and North Market street.Lincoln Gundlach, collector for  
the Puritan Oil Co., reported he  
was robbed of collections of \$300  
to \$400 and a deed of trust by two  
men in an automobile who crowded  
his car to the curb near Eleventh  
and Soudard streets, yesterday af-  
ternoon.Ben Essman, 1296 Arlington ave-  
nue, reported he was robbed of \$20,  
a watch and a stickpin by two men  
near his home at 1:45 a. m. today.The police made 164 arrests yester-  
day and last night: 32 being  
taken as robbery suspects, 12 in  
raids and 10 saloons.Detective Sergeant Coakley of the  
rum squad visited the saloon at 602  
Eastgate avenue and reported find-  
ing a pint each of whisky and gin  
under the bar and five kegs of sup-  
posed beer in an ice box.Six barrels of supposed beer were  
found in the ice box at the saloon  
of Berthold J. Sostman, 3648 He-  
bert street.Information supplied by two ne-  
groes arrested earlier in the day led  
Serg. Mulcahy of the gambling  
squad to 2765A Morgan street,  
where 22 negroes were turning in  
collections on the "Nite Owl Policy  
Game" to Robert Soderidge, 1622  
Linden street, who already had re-  
ceived \$60.95.George B. Evans ELECTED

nosa Concern.

George B. Evans, vice president  
and general manager of the La-  
cleda Gas Light Co., has been elect-  
ed president of the company to suc-  
ceed Charles L. Holman, who re-  
signed to become president of the  
Georgian Manufacturing Co. of New  
York. The election took place at a  
meeting of the directors yesterday.Evans has been with the Laclede  
for 20 years, having come to the  
gas company in 1903 to direct con-  
struction projects and having re-  
mained as a plant superintendent.  
In 1907 he left the company to  
handle gas engineering work in  
Memphis and New Orleans, return-

## SEVEN BOONVILLE

## PRISONERS ESCAPE

Youths Cut Wire Screen in  
Dormitory—Flee in Two  
Stolen Motor Vehicles.Special to the Post-Dispatch.  
BOONVILLE, Mo., July 9.—Seven youths, ranging in age from 16 to 18 years, escaped from the State Reformatory at 2:30 a. m. today by cutting through the heavy wire screen of a dormitory window with a pair of wire snippers and leaping 15 feet to the ground.

Half a mile from the institution the fugitives stole a Dodge roadster and a delivery truck of a meat market and are believed to have fled in the direction of St. Louis. Police in St. Louis and Kansas City and other larger cities of the State have been notified and 12 guards of the reformatory in motor cars are searching the country around Boonville.

The escape was discovered at 3 a. m. when a night watchman discovered the hole in the screen and the pair of wire cutters on the window sill. The cutters had been taken from the prison shoe shop, supposedly by one of the seven who was working in that department. About 60 boys were sleeping in the dormitory, but the others, who made no attempt to escape, denied knowledge of the break.

The fugitives are Horace McGee, 16 years old, whose home address is given as River View Drive, St. Louis; Flynn Tyler, 18, Eldon, Mo.; Frank Madison, 17, Kansas City; Clarence Dilliter, 17, Kansas City; Glenn Turner, 17, Kansas City; Carl Hanks, Mount Vernon, Mo., and Basil Jackson, 17, of Joplin.

McGee Arrested Seven Times Before Being Sent to Reformatory. St. Louis police records show that McGee had been arrested seven times before his incarceration at Boonville. At the time of his latest arrest, April 21, 1924, he was living at the home of his sister, Mrs. Josie Flynn, Rural Route No. 20, Riverview Gardens, Baden. He was charged with stealing the automobile of David Veach of 1301 Seventh boulevard, and confined in the House of Detention, from which he escaped in December, 1924. A few months later he was recaptured and sentenced to four years in the Reformatory.

Baker Plans New Merit System to Prevent Early Releases. JEFFERSON CITY, July 9.—In furtherance of his plans to reduce the number of paroles at the Missouri Reformatory for Boys at Boonville, Gov. Baker today said radical changes would be made in the "merit" system in vogue there, that has permitted the release of prisoners within eight months to a year, regardless of the length of sentence.

Baker said there would be reforms that would prevent general release of prisoners within a year of service.

"I have no intention to be harsh or unreasonable," the Governor said. "There will be a merit system, but it will differ from the present one."

The board this week passed upon 10 parole recommendations, and recommended the paroles. Only three of the 10 applicants had served a year or more in the reformatory. Among them was Joseph Wolfel, 16, St. Louis, sentenced July 9, 1924, to a term for the remainder of his minority, on charges of delinquency.

POLICE PREVENT DELIVERY FROM HOUSE OF DETENTION

A wholesale delivery of boys from the House of Detention was prevented at 9:50 p. m. yesterday by the prompt arrival of police and detectives, called from the Central District Station by a guard in the jail, north of the juvenile institution.

James McHale, 13 years old, of Maplewood, who had been confined only since 10:30 a. m., when a stolen bicycle was found in his possession, was the only one to escape. He had slid down a rope made of sheets tied together and suspended from the third floor, and ran before the police arrived.

Three other boys were sliding down the rope. They stopped at the second floor ledge and crouched in the shadows until detectives reached the second floor inside, opened the windows, and drew the boys in.

A number of boys were waiting at the open window on the third floor. A lock on the barred window-screen had been found. Information of the boys elicited no question.

GIRL A TRAMP FOR SIX YEARS

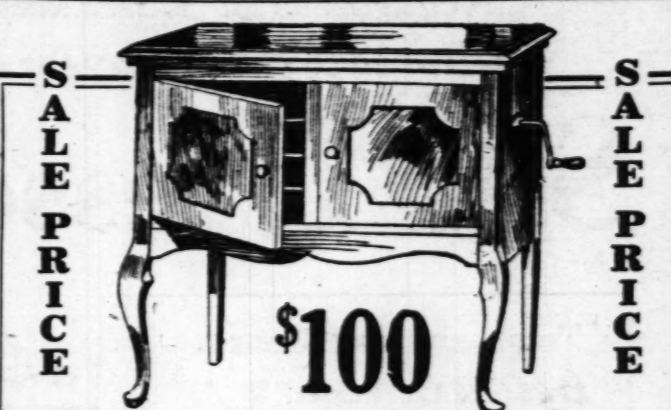

By the Associated Press.  
CAVE CITY, Ky., July 9.—A 21-year-old girl tramp, who said her home was in Nashville, Tenn., was injured here yesterday while attempting to board a freight train. The girl, Miss Mary Louise Smith, was dressed in men's clothing and said she had been traveling after her own fashion since she was 15 years old.Policeman Gets Bravery Medal. By the Associated Press.  
CHICAGO, July 9.—The Carter H. Harrison gold medal for bravery and loyalty in the service of Chicago policemen today was awarded Patrolman James Kennedy for the rescue of a small child from a burning building in which he endangered his own life. Kennedy discovered the fire when he was off duty, rushed into the smoke-filled building and rescued William White, 4 years old. He was over-

come by smoke while groping about, with a blanket over his head, in an attempt to rescue another child who died in the flames. Firemen later carried Kennedy from the building unconscious.

## PLAN TO PAY ZONE DRY MEN \$10,000 A YEAR BLOCKED

Comptroller-General Says  
He Cannot Go Over  
\$7500 and Andrews' Pro-  
gram Is Endangered.

NEW DRY CHIEF  
FACES MANY SNARLS

Numerous Protests Made  
Against His Plan and  
Whole Thing Is Likely to  
Be Threshed Out by Con-  
gress.

Post-Dispatch Bureau,  
20-23 Wyatt Building.  
WASHINGTON, July 3.—As-  
sistant Secretary of the Treasury  
Andrews, now head of the prohibi-  
tion enforcement forces of the  
nation, is blocked by obstacles  
which may prove fatal to his pro-  
gram.

His purpose to procure men of  
high type for zone chiefs and pay  
them \$10,000 a year, has been  
knocked out by Comptroller-Gen-  
eral McCarl, who says he cannot  
go above \$7500. The controversy  
with Prohibition Commissioner  
Haynes over the proposed cam-  
paign of propaganda has not been  
settled and promises to grow  
worse.

Haynes' friends assert that he is  
whistling to keep up courage and  
hold onto the payroll, but he is  
unhappy.  
Added to these two real wor-  
ries is the confusion caused by  
the announcement of the plan of  
decentralization of operation. The  
excitement and resentment in Ohio  
over the dismissal of Miss Georgia  
Hopple is a fair example of what  
confronts Gen. Andrews.

Andrews, Haynes, J. J. Britt,  
chief counsel for the prohibition  
unit, and others were in conference  
all of yesterday trying to iron the  
kinks out of the proposed program  
but made little headway.

Many Protests Against Plan.  
Andrews has been so busy try-  
ing to bring order out of the con-  
fusion caused by the news of his  
plans that he has had no time to  
consider personnel. He does not  
intend to jump from the present  
enforcement plan to the new one  
at a single bound, but to make  
the change gradually. The start is  
scheduled for Aug. 1, but it may  
be six months before all the  
changes are made.

Meantime members of Congress  
are hearing from home. Many pro-  
tests against Andrews' plan are ar-  
riving and it looks now as if the  
whole proposition will be threshed  
out in Congress in December.  
The Haynes-Hopple affair is  
more serious than appears on the  
surface. Haynes was selected for  
the prohibition commissionership  
by the Anti-Saloon League and the  
Ohio prohibition leaders to carry  
out the provisions of the Volstead  
act. He came here with a very  
definite idea as to how he would  
do it. He brought Sherman Cuneo,  
Miss Hopple and a half dozen  
other propagandists and began to  
grind out literature.

Educational campaigns were con-  
ducted in every State. A half doz-  
en or more men and women were  
sending out literature. The press  
service resembled that of a candi-  
date for the presidency.

Propaganda Discarded.  
Secretary Mellon of the Treasury  
and Commissioner Blair of the In-  
ternal Revenue Bureau had to  
head off the movement, but Haynes  
appealed to President Harding and  
kept going.

Now under the new regime, the  
last bit of Haynes' propaganda has  
been thrown into the discard, his  
press service has been reduced to a  
young woman who answers ques-  
tions, the corps of writers and spe-  
cial delivery messengers has disap-  
peared. Miss Hopple and other  
lecturers are no longer connected  
with the unit. The \$10,000 appropri-  
ated by Congress for the instance  
of prohibitionists for billboard sig-  
nals against Demon Rum may nev-  
er be expended.

Federal enforcement organiza-  
tions in the various states are be-  
coming demoralized by the shake-  
up in Washington. Every fellow  
with a good job is trying to get a  
line on his own status. Some of  
them are coming to Washington to  
see if they can learn something.

SOVIET EXPERIMENTS TO CUT  
FOREIGN COTTON PURCHASES

Correspondence of the Associated Press.  
MOSCOW, June 13.—Russia is  
now making extensive experiments  
in cotton growing in several dis-  
tricts of the Soviet union. The use  
of cotton in the Soviet textile in-  
dustry is increasing greatly and the  
insufficiency of Russian-grown cot-  
ton makes it necessary to spend  
large sums of money for the pur-  
chase of cotton abroad. At present  
there are but a few areas in Tur-  
kistan and the Transcaucasus  
which cultivate cotton, and at-  
tempts are now being made to raise  
cotton also in the Kuban district  
where the climate is specially  
adapted to it.

New areas also have been select-  
ed in the Turkestan and Fergana  
district where experiments on an  
extensive scale are being carried

out. Should the experiments prove  
satisfactory, the Russian authori-  
ties hope they will be able to sat-  
isfy the country's need for cotton  
without resorting to purchase  
abroad.

SCOPES HARMING  
TEACHERS OF U. S.,  
BRYAN ASSERTS

Assistant Prosecutor in Evolution Case, in Address Contrasts Religion and Education.

GREAT CROWD ON  
HAND FOR HEARING

Open-Air Auditorium Built Alongside Courthouse at Dayton to Accommodate the Public.

By the Associated Press. July 9.—Re- Dayton, Tenn., July 9.—Re- Dayton and education were contrasted in a brief address by William J. Bryan to the members of the Rhea County Board of Education in the office of Walter White, Superintendent of Schools and official prosecutor in the Scopes case.

Bryan endorsed the position of Gov. Peay in saying that the people of Tennessee would rather give up their schools than their Bible. School books, he said, teach the things of the present life, and the Bible the things of eternal life.

Bryan believed that John T. Scopes, defendant in the Tennessee evolution trial, "is doing more harm to the teachers of the county than to the members of the county." This, he declared today, would be "definitely increased if Scopes' views as to the independence of the teacher were established."

"If the evolutionists can succeed in establishing the doctrine that a teacher can teach anything that he or she pleases," said Bryan, "and teachers disregard the wishes of their employers, it will become necessary to find out before appointment what the teacher thinks as to disputed questions, because the people who employ teachers will be just as certain to prevent teaching what is objectionable to those who employ the teachers as bankers and business men are to prevent clerks from running the banks contrary to instructions of their employers."

Attorney-General A. Thomas Stewart of the Eighteenth Judicial Circuit, arrived yesterday as did Judge John T. Raulston, who will preside at the trial of Scopes, which begins tomorrow. Shortly afterward, Thomas Scopes, father of the defendant, came from his home in Paducah, Ky., to be present at the trial of his son. The elder Scopes had little to say, but stated various places of local interest, meeting Mr. Bryan on the street, where the two chatted briefly.

Attitude of Judge in Case. A desire that those concerned with the Scopes evolution case "should themselves of all ambition to establish any particular theory for personal gratification and that we all constantly inquire for the eternal truth," was expressed by Judge Raulston today.

The statement follows: "I approach my duties in the trial in the Scopes case with a deep consciousness that the issues are profound."

I am concerned that those connected with this investigation shall divest themselves of all ambition to establish any particular theory for personal gratification and that we all constantly inquire for the eternal truth. If man, without inspiration, attempts to delve into the mysteries of God, he finds himself overwhelmed in perplexity. Therefore I am much interested that the unerring hand of Him who is author of all truth and justice shall direct every official act of mine."

An open-air auditorium, including platform and bench seats, has been built on the north side of the courthouse to accommodate the public in a number of ways. Here those invited to make public addresses of a political, scientific or theological nature, will be heard. Band concerts will be given at intervals in the court sessions. Amateurs will relay reports of the court proceedings for the benefit of those unable to get seats inside.

Approximately 150 newspapers have received cards of admission to the trial room. An investigation of the living conditions in Dayton and especially the slums of one Dayton hotel has just been made by the City Commission. No official action was taken, other than the erection of a sign across the street from the hotel, urging new arrivals to call upon the Progressive Dayton Club before making arrangements for their stay in Dayton. At the investigation it was brought out that after Friday the hotel will accept its guests at a rate for single rooms and meals. Five dollars a day will be charged for those who are willing to share rooms with others.

Rooms procured through the Progressive Dayton Club, the Commission was informed, were being charged at the rate of \$2 a day without meals and 75 cents for a day at \$2 a day.

Encouraging Irish Crop Reports.  
Correspondence of the Associated Press.  
DUBLIN, June 22.—The crops in the Free State were this year at least three weeks later than usual. At the beginning of June the continued rain had caused some apprehension for the next harvest, but fine hot weather changed everything, and reports from all districts are regarded as encouraging. The prospects of the potato crop on the poor wet soils of the Western counties are said to be more doubtful.

CROWDER HOLDS \$1  
BANK CHARGE IS LEGAL

Says Relation Between a Bank  
and Its Depositors Is  
Purely Contractual.

Special to the Post-Dispatch.  
JEFFERSON CITY, July 9.—The monthly service charge of \$1 recently inaugurated by St. Louis banks on checking accounts falling below a fixed monthly average is not illegal, Assistant Attorney-General Crowder held in an opinion rendered to State Finance Commissioner C. E. French. The latter sought the ruling after receiving a complaint from a St. Louis bank depositor that the service charge was a violation of the banking laws.

Crowder stated there were no court decisions on the point. However, the practice was lawful in the opinion of Attorney-General's department. Crowder stated on the ground that the relation between a bank and its depositors was purely contractual.

"A bank owes no duty to accept deposits from all comers," he stated, "nor is the citizen compelled to put his money in a bank. If he is fortunate enough to have more money than he is compelled to distribute in payment of his current bills, he may keep the surplus in the proverbial 'sock' or deposit it in a bank, provided, of course, the bank sees fit to enter into the relation with him. A bank is at liberty to decline his business with or without assigning reasons." Crowder held that since the bank may prescribe terms on which it would carry an account for a patron, it could legally impose a rate fixing a service charge on all accounts falling below a specified average. Then it remains for the depositor, Crowder stated, to say whether or not he will deposit his money subject to that rule.

RADIO MESSAGE FROM  
M'MILLAN PICKED UP

Expedition Reaches Hopedale, Labrador, Center of Moravian Missionary Work.

By the Associated Press.

PITTSBURGH, July 9.—A radio message from the steamship Bowdoin of the MacMillan Arctic expedition was picked up here early this morning by Al Alexander of Dormont, telling of the progress made by the party and outlining future plans of the expedition. The message was signed "MacMillan." Alexander said the message came in strong, despite much static. It was broadcast from Hopedale, Labrador, and was addressed to the National Geographic Society, Washington, D. C. He copied the message as follows: "Bowdoin, July 8.—To the National Geographic Society, Washington, D. C.:

"After bucking a stiff head wind yesterday, today not a breath of air has stirred and the clouds of mosquitoes are fattening at our expense.

"Day spent in watering both ships and in giving men a chance to hunt and explore country around Hopedale, center of Moravian missionary work.

"Had it not been for the Moravians, whose service with utterly inadequate funds was little short of marvelous, there would not be an Eskimo alive on the Labrador coast today. Our men attended services here in a spotless little church with sand on the floor, with women in a combination of native and foreign costumes in the right and men with their red capes, eyeing them from the left.

"One Eskimo word makes a line of ordinary hymn. Congregational singing by Eskimos was the feature of the service. Men are buying skin boots and mittens and having made blanket bickies, buttonless blouses with beads, which are excellent protection.

"Aviators have Eskimo women sewing together seal skin suits, more than anything else for protection while flying. Splendid weather prevails and the first summer day Hopedale has had this year. We were first ship to arrive since October, but today there

arrived a small schooner from Nain.

"All well.

"MacMillan."

Alexander is a school teacher and has frequently heard from New Zealand, Australia and other far off stations.

## Flat Shape prevents distortion—Uniflex Cord reduces friction

THE Uniflex Cord method of tire construction—a Miller development—makes the balloon tire longer-lived than the stiff, bulky tires of the past. Uniflex Cord plies are insulated and laid so that internal friction and ply separation are virtually eliminated.

A remarkable test of the new Miller FLAT SHAPE Tire. These two tires were made and run on the same car at the same time and under identical conditions:

## EPISCOPAL LAYMEN SEVERELY CRITICISED

Commission of Church Suggests Ways of Arousing Interest in Work.

By the Associated Press.  
NEW YORK, July 9.—A severe arraignment of the laity of the Episcopal Church for indifference to their religious obligations is contained in a report made public here, of the Commission on Increased Lay Activities, which will be submitted to the Episcopal Triennial General Convention at New Orleans Oct. 7 to 23. The report is signed by Burton Mansfield, corporation lawyer, of New Haven; John Stewart Bryan, editor of the Richmond (Va.) News-Leader; Ira W. Stratton, former Mayor of Reading, Pa., and Willard Warner, prominent churchman, of Chattanooga.

In the triennial now closing there has been a failure on the part of the church to meet the requirements of the budget of \$4,241,957 adopted at the Farland convention in 1922, and the financial problem of the ensuing three years will be one of the serious questions the New Orleans meeting will have to grapple with, the report points out, and adds:

"The adequate solution of the problem of maintaining and increasing the active and effective interest of the laity in the work of the church is essential to the continuance of the life of the church itself."

**New Members Essential.**  
"No church, not even though it were the admitted repository of the pure faith once delivered to the saints, can perpetuate itself beyond a single generation except by the accession of new members. No church, no matter how satisfying its expression and no matter how compelling its appeal, can purify the minds and lift up the hearts of those who never hear its words. No discipline, no matter how sound it may be in psychology, nor how powerful it may be in practice, can mold the lives and strengthen the souls of those who do not come under its influence."

"Without the enlistment of the active enthusiasm, without the release of the spiritual zeal, and without the employment of the missionary impulses of the laity, the church must inexorably live a maimed and halting life."

The committee points to the fact that with the exception of the Brotherhood of St. Andrew, the Episcopal Church has notably neglected the field of lay activity.

**Lay Organizing Neglected.**  
"There can be no denial," says the report, "that the Episcopal Church has not actively and intensively gone about the task of organizing and inspiring and applying the energies of its laymen, as a whole, for the work of the church as a whole; and, second, that both by reason, by history, and by unanswerable examples of other communions a vast source of beneficent energy has been neglected alike for the enrichment of the spiritual life of the individual layman that serves, and of the corporate church that is so supported."

The report cites action by various provinces and dioceses looking to organized work among the laity, and recommends the consideration of a number of suggestions which it outlines whereby the interest of the laity in the work of the church may be promoted.

## ADVERTISMENT New Treatment For Varicose or Swollen Veins

Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce original bottle of Emerald Oil (full strength), at Keifer Drug Co., Johnson Bros. Drug Co., Wolff-Wilson Drug Co. and start to reduce the veins and banches at once.

Physicians recommend Emerald Oil; it is used in hospital practice, and a small bottle will last a long time, because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush as directed until the swelling is reduced to normal. It is guaranteed.

So marvelously powerful is Emerald Oil that enlarged glands, wens and even goitres disappear when used steadily.

## AUTO COACH HEADS GIFT FOR TUBERCULOSIS DAY

Chrysler Company Donates Car for  
Celebration July 15.  
One of the most valuable pres-  
ents ever given on Tuberculosis  
day, which will be celebrated on  
Wednesday, July 15, is an automo-  
bile coach received yesterday, ac-  
cording to J. Ferd Oberwinder,  
chairman of the General Arrange-  
ments Committee. This gift was  
donated by the Chrysler Motor  
Corporation of Detroit through its  
local agent, the G. M. Berry Co.  
Among the thousands that have  
been received to date a trip to  
Niagara Falls, one to Colorado and  
a boat trip on the Mississippi are  
included.

Among the latest received are  
100 tickets to the Garden Theater.  
These are for the best seats in the  
theater and they are good for a  
performance of "Electra." Other  
presents pertaining to entertain-  
ment are orders for all sorts of  
parties. The Lions Club, at its  
meeting yesterday, went 100 per  
cent in its purchase of tickets to  
the game. The matter will be  
given a vote at the Kiwanis Club's  
meeting today.

Veteran Indian Fighter Dies.  
By the Associated Press.  
ANNAPOLIS, Md., July 9.—  
Capt. Douglas A. Howard, U. S. A.,  
retired, a veteran of the Indian  
wars, died suddenly at Carvel Hall  
here yesterday of heart failure, su-  
perinduced by the heat, and an at-  
tack of indigestion. Capt. Howard,  
58 years old, saw eight years' ser-  
vice in the Indian wars in the Black  
Hills. He was a brother of the  
late Admiral Thomas B. Howard,  
U. S. N. Capt. Howard was a na-  
tive of Galena, Ill. Since his re-  
tirement from active service, in  
1894, he had made his home here.

To Confiscate \$95,000 in Whisky.  
By the Associated Press.  
CHICAGO, July 9.—Federal  
Judge James H. Wilkerson yester-  
day ordered the confiscation of  
\$95,000 worth of whisky which was  
seized three years ago by prohibi-  
tion agents, but which its owners,  
former Aldermen Robert J. Mul-  
cahy and Harry S. Tanzy, have  
made a sustained effort to reclaim.  
Both men claimed that the liquor,  
which was part of the stock of the  
dissolved Grommes & Ulrich Cor-  
poration, was to be sold to whole-  
sale druggists in a legitimate man-  
ner. The case will be appealed.

## Rowers to Row For Philadelphia Challenge Cup

## DECLINED TEST

Americans Consider Trophy  
Representative of Sculling  
Championship of World  
But English Don't.

By the Associated Press.  
LONDON, July 9.—The race between  
Jack Beresford Jr., crack English  
rower, and Walter M. Hoover of  
Philadelphia for the Philadelphia  
challenge cup which Beresford  
won at the Paris Olympics  
last year, will be rowed Monday  
on the tidal Thames at  
Twickenham.

Beresford told The Associated  
Press today that he had agreed  
with Hoover regarding details of  
the race. They will start at 6:15  
a. m. Monday, over a course of  
about a mile and a half.  
Beresford repeated that he in-  
tended to return the cup to the  
Philadelphia committee regardless  
of the result of this race.

Beresford eliminated Hoover in  
the Diamond Sculls during this  
year's Henley regatta. Hoover  
lost to England principally to  
a cup and Beresford declined to  
accept Hoover for it, yesterday, re-  
sponding to an appeal from the  
Philadelphia Cup Committee, he  
said he would meet Hoover, but  
would return the cup to America  
whether he won or lost the race.

## WRAY'S COLUMN

## Here's Your Hat, Wayne.

AFTER last night's display at  
Battery A arena, Big Munn's  
hastily constructed reputation  
may be considered as on the  
Wayne. There was a chill on  
the part of John W. Customer  
and other members of the Re-  
ception Committee of \$4.40 ring-  
side seat holders that indicated  
their aversion to cheese.

And there was a "here's your  
hat, what's your hurry" note to  
the ring-side buzzing, after all  
was over.

Munn had again proved he  
was not there, Lafayette. In fact  
the promoters of the show might  
in justice refund the \$4.40 per  
ticket, plus a bonus for time  
wasted.

THE wrestling game has in-  
deed sunk to a low plane  
when Munn can pose as a near-  
champion wrestler, and get away  
with it.

Fans at ringside had a fine  
contrast before them in the sec-  
ond bout, when Richard Schikat  
displayed HIS wares. Schikat  
may not be world's champion,  
but he is a real wrestler. What  
he would have done to Wayne  
had he instead of the "menu  
ticket" Romano been paired with  
the former "champion," is not a  
matter of guesswork. He can  
take Munn whenever he sees fit,  
in the writer's opinion.

## Misleading Is Right.

EVERYTHING connected with  
Munn except the fact that  
the show was promoted by a  
man whose business is butter  
and cheese, was misleading.

The propaganda misstated  
facts when it announced the date  
of Munn's arrival, when it said  
he would work out at a local  
gym, when it described Romano  
as a formidable opponent, when  
it gave out that Munn was going

to go after Dempsey's crown,  
and in other instances.

Munn was described as the  
"man of a single hold" but he  
did not show that he knew how  
to use even that. His efforts to  
gain the hold were ludicrous. His  
"tremendous power" was nothing  
but make-believe, accomplished  
with the aid of Romano; and  
the story of Romano's injury was  
not borne out by dressing room  
investigation.

## We Could Miss Others.

THE publicity methods behind  
not only Munn but practically  
ALL wrestling shows are deplora-  
ble. It has come to the pass  
where nobody's word in wrest-  
ling can be accepted with con-  
viction of its truth, because so  
many of the wrestlers and pro-  
moters have misrepresented  
facts.

St. Louis is probably free from  
Big Munn for good. But it is  
far from free from the blather  
and untruthful ballyhoo that has  
put the game in discredit with  
those interested in telling the  
truth.

The "here's your hat" policy  
should not be limited in its ap-  
plication to Big Munn alone.  
There are others who would ne-  
ver be missed.

## MRS. MELVIN JONES WINS MEDAL HONOR IN WESTERN GOLF

## Automobile for Winner in Clay Court Tourney

Other Prizes for Those Who  
Go Through to Finals in  
National Championship.

Eight prizes will be awarded to  
finalists in the National Clay Court  
tennis championships which open  
at the Triple A Club Saturday. The  
list of prizes as announced by Dan  
W. Jones of the Championship  
Committee includes those offered  
by the national tennis governing  
body and by the local committee.

The winner of the men's singles  
will receive the challenge cup pre-  
sented by the United States Lawn  
Tennis Association last year. W.  
T. Tilden won the first leg on the  
cup when he captured the singles  
here last season.

In addition to the cup, the sin-  
gles winner will receive an auto-  
mobile, donated by Russell E.  
Gardner Jr. The runner-up in the  
singles event will receive a silver  
beverage set consisting of one con-  
tainer, 12 cups and a tray.  
The winners of the Clay Court  
doubles title will get the new chal-  
lenge cups presented this year by  
the U. S. Lawn Tennis Association  
and also silver water pitchers. The  
runners-up in the doubles will re-  
ceive silver bowls and flower cen-  
ters.

in the Southwest will participate  
in the tournament. The entries are  
those of J. B. Adoue and John  
Barr of Dallas, Tex., and T. E. D.  
Hackney of Fort Worth, Tex.

Adoue has won more titles in  
Texas than any other player and  
ranks No. 1 in the Southwestern  
list for 1924.

John Barr ranks No. 4 in the  
Southwestern section. He will play  
with Adoue in the doubles. Hack-  
ney is another prominent tourna-

## BRITISH WOMEN NET STARS WILL SAIL FOR AMERICA TOMORROW

By the Associated Press.  
LONDON, July 9.—The British  
women's tennis team which sails  
tomorrow for the United States to  
play for the Wightman Cup at For-  
est Hills next month, probably will  
do better than two years ago when  
the overseas challengers failed to  
win a match, in the opinion of  
Mrs. Lambert Chambers, who will  
captain the British team.

Mrs. Chambers said today she  
probably would have Miss E. Har-  
vey as a partner in the doubles,  
while Miss Evelyn Cady and Miss  
Kathleen McKane would play to-  
gether. Miss Joan Fry, the En-  
glish girl champion, who opposed  
Miss Suzanne Lenglen in the final  
of the all-England championships  
last week, will be reserved for the  
singles play.

## BARNES OF PRINCETON WILL NOT COMPETE IN INTERNATIONAL GAMES

Special to the Post-Dispatch.  
PRINCETON, N. J., July 9.—  
Ralph Barnes, member of the Cana-  
dian Olympic team last summer  
and a member of the freshman  
class of Princeton this past year,  
will not be able to return to com-  
pete in the coming international  
meet between Oxford-Cambridge  
and Princeton-Cornell. It was  
learned from Coach Keene Fitzpat-  
rick here today.

This means that Jack Gallagher,  
a sophomore, will be pitted against  
Douglas Lowe of Cambridge, cap-  
tain of the invading team in the  
mile. Gallagher ran an easy mile  
in 4:38 this afternoon and seemed  
to have plenty left when he crossed  
the line. Gallagher's best time this  
spring has been 4:27 while Lowe's  
has been 4:25, so this race should  
be an exciting one.

—AN UNUSUAL TRIBUTE TO Keds

Reg. U. S. Pat. Off.

SURE FOOTWORK! Tremendously  
important in every athletic sport  
—but even more so when walking  
on the wings of an airplane three  
or four miles up in the air!

That's why the following letter  
from Sgt. Randle Bose—who two  
years ago broke the world's alti-  
tude record for a parachute jump  
—is a remarkable tribute to Keds:

"I find that Keds are better for aerial  
wing walking and parachute jumping  
than any other shoes I have worn, due  
to the fact that they will not slide  
from underneath you. At the same  
time Keds are unusually light and a  
great support to your ankles. In  
short, Keds are absolutely the best  
shoes I have ever worn when making  
parachute jumps."

Combine this unusual ground-grip  
with the fact that Keds frequently  
outwear two or three pairs of other  
shoes—and it is easy to see why  
Keds are the standard sport shoes  
today.

Keds are unequalled for the  
hard, everyday wear of boys and  
girls—and for all vacation uses of  
old and young alike.

You can get Keds in many styles  
and at prices from \$1.25 to \$4.50.  
But remember—every Keds shoe  
always has the name Keds on it.  
Avoid substitutes. Accept only  
shoes that have the name Keds  
on them.

## Let Lou Brite Stop the chatter in your Ford

Now, about that chatter . . . Yes, I know it's  
nerve-racking as well as car-wrecking. And it  
really isn't the fault of the Ford.

If those bands are glazed and hard and you get  
that annoying chatter at every or almost every  
stop, you're using the wrong kind of oil, that's all.

In Lubrite Double F, the Motor Oil for Fords,  
you'll find the correct oil for Fords. It does the  
double job an oil for Fords must do—it lubricates  
perfectly the engine and the transmission (where  
the bands are).

Because it does both, Lubrite Double F, the Motor  
Oil for Fords, stops the chatter, makes the bands  
last longer, and improves the whole performance  
of the car.

Will you try it? There are more than a hundred  
and twenty-five Lubrite Service Stations here.

### MATTY'S CONDITION IS NOT SERIOUS DOCTOR SAYS, DENYING RUMOR

Special to the Post-Dispatch.  
SARANAC LAKE, N. Y., July 9.—"There is nothing serious or critical in the condition of Christy Mathewson," said Dr. Edward M. Packard here today when asked concerning a public statement that Matty, once famous pitcher of the New York Giants, is desperately ill.  
According to the physicians, the rumor started, no doubt, because Matty had been spending a few days in bed until a slight temperature goes down, which is simply following a routine in cases of this kind.

### Stan Coveleskie Wins 11th Game

Pitcher Cast Off by Cleveland Comes Back for Washington.

By the Associated Press.  
NEW YORK, July 9.—The veteran spitballer, Stanley Coveleskie, a Cleveland castoff, traded to Washington late last season, today

is the leading twirler in the American League with 11 victories out of 12 starts. This Speaker probably regrets now that he thought Covey's best days were over.  
Covey marked up his latest triumph for the world champions yesterday by a 10 to 2 victory over the Chicago White Sox, which gives the Senators a grip at the head of the American League by two and one-half games.

The Athletics broke even with Cleveland. The Indians took the first game, 14 to 3, pounding four Philadelphia pitchers for 13 hits. In the second encounter Eddie

Rommel checked the Cleveland batting spree and the Mackmen won, 7 to 5.

Detroit hung up a double victory over the Red Sox, 5 to 0 and 8 to 2. In the first shutout the Tigers have enjoyed this year; Dauss allowed Boston but six hits. Heilmann, Bengal outfielder, hit a home run in each game.

Rain caused a lull on the National League front, the two combats between the Pirates and the Giants going over to today. One game still separates the McGraw club from the peak.

# For Staying Power—Use Red Crown

The High-Grade Gasoline

Red Crown stays by the job. In rough going—deep sand—on corkscrew trails—on mountain roads—on steepest grades—Red Crown may be depended upon. Hundreds of letters from customers tell us that the man with Red Crown in his tank is passing cars in trouble every day.

Red Crown is dependable because it has a long, unbroken chain of boiling point fractions. Combustion moves smoothly from the lighter to the heavier fractions. And this combustion is complete. Every drop of Red Crown vaporizes.

For these reasons Red Crown gives you more power and greater flexibility.

Red Crown's greater power spells economy, and a worth-while saving, month by month, on your gasoline and repair bills.

**LEVEE EXCAVATION DENIED**

Follows Instructions of County Judge Weber, Who Disallowed Claim.

After an order of County Judge Weber, made last April, the H. H. Hall Construction Co. of East St. Louis for construction of a bridge over the drainage canal, near Dupont, was referred to by Judge Weber as one of the "pet contracting companies" of the last Levee

report of the former Board of Trustees of the East Side Levee and Sanitary District for 1924, the present Levee Board yesterday withheld \$3973 from the final payment to the H. H. Hall Construction Co. of East St. Louis for construction of a bridge over the drainage canal, near Dupont.

engineer, the former Levee Board paid this sum to the construction company for "miscellaneous excavation" shortly before it went out of office last December. The claim was in addition to the stipulated cost of the bridge and the engineer reported that work for which it was allowed was covered by the contract.

The Levee Board voted to pay \$34,713 to the construction company, which had presented a bill for \$38,685. The only recourse of the construction company is to file suit for the amount withheld. Total cost of the bridge was \$80,400. The H. H. Hall Construction Co. was referred to by Judge Weber as one of the "pet contracting companies" of the last Levee

Board, when he disallowed the report. G. Locke Tarlton, a former president of the board, is a heavy stockholder in the company.

PRESBYTERIAN CHURCH  
IN NEED OF \$12,000,000

Amount Needed to Meet Debts and Prevent Further Deficits, Directors Say.

By the Associated Press.  
NEW YORK, July 9.—Warning of an imminent financial crisis in the Presbyterian church growing out of a \$2,240,000 indebtedness at the close of the last fiscal year, and threatening curtailment of missionary and charitable projects, was sounded in a statement today by the Rev. James G. Bailey, field director of the Presbyterian general council's Committee on Program and Field Activities.

Unless \$12,000,000 is raised by its 10,000 churches, with 1,800,000 communicant members, the denomination is faced with "a dire financial crisis," the Rev. Mr. Bailey said in his report.

Giving \$12,000,000 as the absolute minimum if further deficits are to be prevented and existing debts paid, the general council today announced that a budget of \$15,000,000, already approved by the general assembly for the current year, actually was necessary to offset further retreat in church charitable endeavors.

To prevent further retrenchment and embarrassment arising from lack of funds, the general council urged that the gifts of church members for missionary and benevolent causes, averaging \$3.54 last year, be raised this year to \$5.02.

A committee of five men consisting of J. Willson Smith, George G. Barber, Ralph W. Harbison, J. J. Ross and S. Frank Shattuck, under the direction of Dr. Charles R. Erdman, moderator of the general assembly, have been appointed to supervise the campaign for funds.

Payment will be made under a general assessment system by which all of the property of Belleville in the retention of a Chicago engineering company. The firm has been instructed to prepare the necessary plans and surveys for the project which, it is estimated, will cost approximately \$700,000.

PERSONAL TAX LIST IN ALTON

All Surrounding Townships Report Increase With Exception of One.

Increase in the number of names on the personal tax list of Alton and neighboring townships is shown in reports from the office of the County Treasurer, William Martin. All townships in the section of the county in which Alton is located shows an increase except Moro. Moro's figures show a slight decrease. Alton's increase was 514; Wood River's, 253; Godfrey, 36; Foster, 12; and Moro's decrease, 17.

The decrease of 17 in the number of Moro township is not regarded as an unusual condition by County Treasury officials. It was pointed out that often, when conditions in a farming community are not good, many people move to cities or other communities.

The increase in the number of taxpayers in two years has been 2000 in Alton township. The increase has made necessary the retention of the Assessor and his assistant on full time for the year. The increase in the personal tax list is in a large degree due to the ownership of automobiles.

\$100 RING PLEDGED TO COVER  
\$5 FINE AND COSTS IN CASE

A diamond ring valued at \$100 was left with Magistrate Wagner of Belleville yesterday as security for the payment of a fine of \$5 and costs assessed against Jim O'Donnell of East St. Louis after he was arrested on a charge of speeding. The ring is the property of a woman who was with O'Donnell at the time of his arrest. The fine and costs in the speeding case totaled \$9.40 but O'Donnell stated he did not have enough money with him to pay up. "We must have some security for the fine or hold the car," the Magistrate said. It was then that the ring was pledged.

ST. CLAIR COUNTY RAILROADS  
TO PRESENT TAX OBJECTIONS

Hearing Set for Next Thursday on Opposition to Levies Totalling About \$12,000.

Judge Weber of the Belleville County Court yesterday afternoon set Thursday of next week as the date for the hearing of arguments on the objections filed by a dozen railroad companies in St. Clair County against the collection of certain taxes. The total amount of taxes objected to is approximately \$12,000.

Objections are raised to the collection of a 16-cent tax for road work on the grounds that the Town Board of Auditors of the various townships sanctioned the collection at a special instead of a regular levy as provided by law; and to a 13 1/2-cent tax for road and bridge damages because the levy did not specify that the money was to be used exclusively on county road work.

Clowers was lodged in the Alton jail on a charge of forgery, awaiting the arrival of Sheriff Conley of Greene County.

## LOVE

BY THE AUTHOR OF ELIZABETH AND HER GARDEN

CHAPTER 15.  
He suddenly raised his head over his mother-in-law's shoulder and instinctively bowed his head—and with a complete simplicity and earnestness bade them love one another.

"Little children, love one another," Stephen said simply. "It was the best he could do for them, he felt; it was the best that could be done for any one in the world. Then abruptly he said Catherine good-night."

"Do you come to St. Clement's tomorrow evening?" he inquired of her.

"I will certainly come," she said. Mrs. Mitcham helped him with his coat with reverence. She had texts said over her; her peculiar pleasant feeling for her chest. She couldn't imagine how she had come to forget her prayer book. It was not even a week ago that she had been the confusion of Mrs. Goring's wedding, and moving from London and settling in. She had that evening to the keeper at Chickover and her to send her, and she was mistress' at once.

By this time it was a quarter of nine; quite early, and yet late it seemed. Catherine went back to the sofa, and turning the light on the table by her for she was being very careful of this first year of her coming, and not wasting any of her feet up and lay in the light feeling a little tired.

Stephen as a cool refusal of the warmth of Christopher's hand, but only up to a point. He did not provide a sort of relief the cold of a far gives those coming from the blinding out of the heat of the and like a cellar he had pressed. She had long ago found and it had been greatly to her regret that it was difficult to get her eyes open after a short sleep alone with Stephen. She thought this must be due to his conversation. There was nothing to hold of in it. It was bony, slipped off. Besides, he did not slip as if she were anything but another bone. Bones to bones, dreary; how little one likes to behave to as if one were a bone. Yet he knew now about love, nobody could hear him without being thrilled by the precision of it. He appreciated in his sermons in all its branches. At present in his life there was one branch really living, and was married love. All those loves he praised—brotherly love, which he entered mightily; the love of friendship, surprising, he declared, beauty and dignity the of the sexes; that large love of manly, which needs must be from every thinking heart—theories to him. Well, perhaps she talking about them from pits to impressed congress they would gradually become. One did, in a very remarkable way, talk oneself into attitudes that altered one's entire behavior—or was talked into by somebody else, which was excellent—in fact, should be regarded against.

She shut her eyes. She watched him shut the door and hoped it didn't shut her not announcing him. She had but lately left it. If he were calling that

as much for ages as she had been at Hampton. And the spring air was such that Christopher had returned, and strode easily over the grass to her. She took her innumerable kisses to cover. And, being as well, it wasn't only the hall, but he had fatigued, but her Stephen, so passive and in-mistress' at once.

**BERENICE.**  
BERENICE was a daughter of Ptolemy II, Philadelphus, and sister of Ptolemy III, Evergetes. She was married to Antiochus II, King of Syria, who divorced his wife, Laodice, on the occasion. incertitude as to when he was to see her again. Such an immense tenderness he had never in his life felt. He knew now that he loved her beyond all things, and far beyond himself.

He turned to go away, holding his breath, feeling for the door handle, when his foot knocked against the leg of George's big chair.

Catherine woke up. "Mrs. Mitcham," she began, drowsily. And then, as no one answered, for though he tried to be courteous, she put out her hand and turned on the light.

They blinked at each other. Astonishment, succeeded by indignation, spread over Catherine's face. She could hardly believe her eyes. Christopher. Back again. Got into her first like a thief. Stealing in in the dark.

She sat up, leaning on her hands. "You!" was all she could find to say.

"Yes, I had to—I had to bring you back your book," he said. "I was going to shelter behind her cloak, and then was ashamed of such trifling."

She made a movement to get up, but the sofa was a very low one. He couldn't get up, and she rather ridiculously bumped down on it again; and before she could make another attempt he had flown across to help her.

"No, no," said Catherine, whose indignation was greater than any she had felt in her life, pushing aside his outstretched hands. (To Be Continued.)

### Peter Rabbit Learns More

PETER RABBIT was having a wonderful time. There he sat in a bramble-tangle on the edge of the Old Pasture, comfortable and safe, while just outside sat Digger the Badger talking in the most friendly way. He had just told Peter how he happened to be there when his home was in the Far West.

"I guess I didn't know the Prairie Dogs," said he

Peter rubbed his wabbling little nose softly. "It didn't look that way just now to me," he said. "Old-Man Coyote certainly was planning to spring on you."

Digger chuckled. "He forgets himself once in a while," said he. "We really are very good friends. He thought he saw a chance to catch me by surprise and he just couldn't resist the temptation."

"He was going to shelter behind her cloak, and then was ashamed of such trifling."

She made a movement to get up, but the sofa was a very low one. He couldn't get up, and she rather ridiculously bumped down on it again; and before she could make another attempt he had flown across to help her.

"No, no," said Catherine, whose indignation was greater than any she had felt in her life, pushing aside his outstretched hands. (To Be Continued.)

Digger the Badger laughed right out. "They are not even a millionth cousin," said he. "They don't even belong to the Dog family at all."

"Then what are they called Dogs for?" demanded Peter.

"Goodness only knows," replied Digger. "I suppose it is because they bark, but even their bark isn't at all like a Dog's bark. They are related to Johnny Chuck."

Peter pricked up his ears. "Really and truly, Mr. Badger?" he exclaimed.

Digger nodded. "Really and truly," said he. "Yap Yap the Prairie Dog is own cousin to Johnny Chuck. Whenever I see John-

ny sitting up on his doorstep it makes me homesick. It always reminds me of Yap Yap. He sits up in just the same way. Yes, sir, every time I see Johnny Chuck I get to thinking about my old home out in the Far West. I get homesick. I just ache to hear Yap Yap yapping at sight of me. You ought to see a Prairie Dog town, Peter."

"A what?" cried Peter.

"A Prairie Dog town," repeated Digger.

"I guess I don't know what that is," said Peter scratching a long ear with a long hind foot.

"It is a place where ever and ever so many Prairie Dogs have their homes close together," ex-

plained Digger. "I've seen places where the doorsteps of Prairie Dog houses stretched away so far that I couldn't see where they ended."

Peter frankly looked his unbelief. "Mr. Badger," said he, "I can't swallow all those Prairie Dogs."

"Nobody asked you to swallow them," retorted Digger. "But I tell you right now that I could swallow one or two of them right now if I could get them. I suppose you mean that you don't believe what I have told you."

Peter looked very much embarrassed. "It's pretty hard to believe," he ventured. "I think you are just having fun with me."

"No," replied Digger, "what I have told you is all true."

"Half again as much jam or jelly as I ever made from that much fruit."

You are sure now of firm tender Jam and Jelly—and it needs only one minute's boiling

IMAGINE starting your jam and jelly with the same unconcern, the same gay confidence you feel when you put the water on for tea, or mix your favorite dessert.

Think of being sure beforehand that every glass you make of any kind of jelly is just bound to set and yet will be so tender that it quivers in the dish and melts in one's mouth.

You can know this happy certainty today; millions of women do. Certo makes failure impossible with any kind of jam or jelly.

Why Certo cannot fail you

Certo is the very element that makes fruit jelly—taken from the fruits themselves in which it is abundant.

Some fruits, like pineapple, never have it—you have never before been able to make jelly of them alone. Even in the fruits that usually have this jellifying property it grows less as they

ripen. That is why you often had bad luck with fully ripe fruits.

But now Certo itself supplies this necessary jellifying substance. When you use Certo every batch is bound to set; you need never again re-boil your jam or jelly.

Just boil hard for at least one minute—save fruit juice—save flavor and color

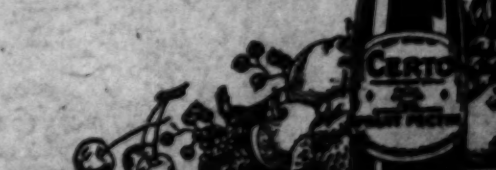

Just one minute's real active boiling is all the fruit needs when you make your jam or jelly with Certo. What a saving of your time and effort!

What a saving of the rich fruit juice, too, that used to boil away during the long old-fashioned "boiling down." With Certo you make half again as many glasses of jam or jelly from the same amount of fruit.

And Certo's short boil saves all the delicacy of the flavor, all the clearness of the color that used to boil away.

Get Certo today from your grocer. A booklet with each bottle gives nearly 100 recipes for delicious jams, jellies and marmalades. Douglas-Pectin Corp., Granite Bldg., Rochester, N. Y.

JUDGE ENGLISH  
OWES CENTRALIA  
BANK \$17,000

Loan Unsecured, President  
Says — In 1923, Jurist,  
His Bankruptcy Referee  
and Clerk Owed \$42,000

BORROWED AT 5 PCT.  
OTHERS PAID 6 AND 7

At Time of Loan, Merchants' State Held \$116,000 of Court Funds, Paying No Interest.

By a Staff Correspondent of the Post-Dispatch.

CENTRALIA, Ill., July 19.—

United States Judge George W.

English of the Eastern District of

Illinois owes the Merchants' State

Bank of Centralia about \$17,000,

on an unsecured loan at 5 per

cent interest. This was admitted

by Dr. W. D. Richardson, president

of the bank, last night.

The committee, which came here

from St. Louis last evening, is

delegated to inquire into Judge

English's official conduct, to en-

able the House of Representatives

to determine whether the Judge

shall be impeached. Its sessions

here, which began today, are for

the purpose of inquiring into the

relations of Judge English with the

Merchants' State Bank, which was

one of five depositories designated

him for funds of estates in

bankruptcy.

English Pays Interest Monthly.

It was testified by the president

of the bank that in 1923, when

Judge English owed the bank the

same amount as now, about \$17,

000, the Judge's reference in bank-

ruptcy, Charles B. Thomas, and

Oliver Hooker, clerk of the court,

offered the bank \$25,000. The

Thomas-Hooker indebtedness, ex-

cept for a few hundred dollars,

has been paid. Judge English,

Richardson testified.

Monthly payments of the interest

on this loan.

At the time when Judge English

and the two court attaches owed

the bank a total of \$42,000, the

bankruptcy funds on deposit in the

bank were approximately \$116,000.

The interest rate charged Thom-

as on the loan of \$25,000, which

he has subsequently paid, and that

charged Thomas and Hooker on a

\$1000 accommodation note, which

has been nearly satisfied, was six

per cent, while only five per cent

was charged Judge English. The

bank charges six per cent or even

seven per cent to other borrowers.

Richardson said.

\$12,000 Lent for His Home.

Of the loan made to Judge En-

glish, \$12,000 was for his home in

Washington place, East St. Louis.
